

Andres Mercado

FRONTEND SOFTWARE ENGINEER

andresam321@proton.me > 510-695-4124 > [Linkedin](#) > [GitHub](#) > [Portfolio](#) > San Francisco Bay Area CA

Frontend Engineer with 2 years of experience designing high-performance, interactive web applications. Proficient in JavaScript, React, and Redux, I specialize in building intuitive, responsive UIs that enhance user experience and optimize performance. My diverse background in aviation and real estate strengthens my problem-solving skills, enabling me to develop scalable frontend solutions.

LANGUAGES: JavaScript, HTML, CSS

FRAMEWORKS: React, Redux

Cloud & DevOps: AWS (EC2, S3), Docker, Nginx

TOOLS: GitHub, Postman, Cloudinary

WORK EXPERIENCE

Rabbit Aviation >> *Frontend Engineer (AeroSkyOps)* > *Remote*

April 2022 – Current [Live](#)

React, Redux, HTML, CSS

- **Designed and optimized a fully responsive React UI**, ensuring smooth usability across various screen sizes while meeting accessibility standards.
- **Enhanced UI/UX with React and Redux**, reducing unnecessary re-renders and boosting frontend performance for seamless user interactions.
- **Implemented interactive UI components** for logging flight records and monitoring airport operations.
- **Built a fuel tank gauge UI in React**, visually displaying tank levels based on logged updates.
- **Created an intuitive parking history feature**, enabling employees to track and reference past aircraft assignments effortlessly.
- **Refactored Redux state management**, minimizing redundant API calls and improving state efficiency for faster UI updates.
- **Developed an interactive aircraft parking assignment UI** in React, allowing employees to dynamically assign, update, and track aircraft parking spots with real-time status updates.

Real Estate investor >> *Owner* > *Stockton, CA*

October 2018 – Current

- **Achieved a six-figure income within five years** by strategically investing in and managing real estate properties, demonstrating strong financial acumen and market analysis skills.
- **Managed a portfolio of properties with 14 tenants**, overseeing property maintenance, tenant relations, and financial management to ensure high occupancy rates and tenant satisfaction.
- **Built and led a reliable team**, coordinating various aspects of property management, from renovations to tenant communications, showcasing leadership and collaboration abilities.

Rabbit Aviation >> *Line Service Technician* > *San Carlos, CA*

September 2017 – August 2023

- **Executed precise fueling operations** and managed logistics for private aircraft, ensuring compliance with strict safety protocols.
- **Operated fuel trucks to transport** and distribute fuel within a private airport environment, maintained efficient logistics and timely fuel delivery to support aircraft operations, prioritized safety, and strictly adhered to protocols.
- **Collaborated with team** members to troubleshoot real-time issues, enhancing operational efficiency and safety.

PROJECT EXPERIENCE

WUBER EATS >> *Flask, React, Redux, PostgreSQL, SQLite, WTForms, Cloudinary, Render*

[GitHub](#) > [Live](#)

An UberEats clone that allows users to create restaurants, add menus, leave reviews, and manage their shopping cart.

- Developed dynamic React components with Redux, enabling real-time cart updates and modal-based editing to enhance user engagement.
- Designed and optimized UI components for restaurant and menu management, ensuring smooth user interactions and intuitive navigation.
- Configured Cloudinary for image storage, improving load times and overall site performance.
- Worked closely with teammates to coordinate feature development and bug fixes, ensuring smooth backend-to-frontend integration using WTForms and Render.

EDUCATION

APP ACADEMY >> *Software Engineering*

Completed June 2024

Coding Dojo >> *Python, MERN Stack*

Completed April 2022
